

DBMS - MID-EXAM

Name :- S. Pranay Sai Teja

Reg. No :- 19BCS102

Questions:-

1) Select ZPerName from ZooEmpTable order by 3 asc;

→ The query gives "error" as it is mentioned in query order by 3 asc, where there is no 3rd column in given question.

Employee

E-Name	E-Policy
Pranay	ABC
Sai	DCA
Teja	ABC
Praneeth	EFG

Query :- Select * from Employee where C
Select E-Name from Employee

Select E1.ENAME from Employee E1, Employee E2
where E1.insurance = E2.insurance

3)

Select top 1 * from

(Select top m ~~from~~ * from Table-ABC

order by Sales_Volume desc) N

order by Sales_Volume desc

4)

False, Because the drop table removes whole objects like constraints, indexes, columns, ~~table~~ every thing associated to it. before that we need to delete the sql views & stored procedure.

5)

Select * from Std_Indo_Details where Std

Std-ID % 2 = 0

(or)

Select * from Std_Indo_Details where

Std-ID % 2 = 1

6)

Select TOP 0 * Into U-Empty_Table from university table

The above table copies top 0 from university to U-Empty_Table

S. Prasad Sai Raja

19 BC3102

(or)

Select * from UniversityTable where 1 = 2

7) Delete a

from EmployeeTable a

Inner join

Select EMP-Project-ID, Rank() over (Partition
by E-Name, Project-Name order by EMP-Project-
ID desc) as rnk from EmployeeTable) b

ON a. EMP-Project-ID = b. EMP-Project-ID

where b. rnk > 1
